Description

Box! Box! Box! tells the story of the 2022 Formula One championship. It captures the drama on and beyond the Grand Prix circuit, from high-speed accidents to the glamour of Monaco. After the fall-out of Abu Dhabi in 2021, would F1 ever be the same? Max Verstappen would be tested by a new challenge from the scarlet Ferraris. With new rivals, would he keep his nerve and prove himself a worthy champion? And could Lewis Hamilton bounce back after the huge disappointment of missing out on his eighth title? More than a race review, this book shines a light on what makes the sport tick away from the circuits. So, strap in as we revisit the 2022 campaign through each round, along with the stories that make F1 fascinating beyond race days.
