

Title information

Senna

The Truth

By Franco Nugnes

Key features

- UK edition of Franco Nugnes's book, which first published in Italy, to mass critical acclaim
- Meticulous investigation into the death of F1 legend Ayrton Senna, which shines new light on the tragedy
- An earnest search for the truth behind a tragedy that still holds unanswered questions
- Author is a veteran journalist who worked for Italy's motorsport bible, *Autosprint*, at the time of Senna's passing, and today directs the Italian edition of Motorsport.com
- New and exclusive interviews with those who were very close to Senna, and part of his inner circle; as well as special insight from the doctor who tried to save Senna's life
- Publicity campaign planned including radio, newspapers, websites, podcasts and magazines

Description

Over thirty years have passed since that tragic day in May 1994, yet for motorsport fans vivid memories of the great Ayrton Senna live on. And those memories of his magic continue to be passed to successive generations of F1 fans. His legacy was built on the racetracks, with extraordinary feats that led him to three world titles. And perhaps there could have been more, if only that steering column hadn't broken at the Tamburello corner during the San Marino Grand Prix. This book does not seek to sensationalise, but endeavours to uncover the true facts of an incredible story that even today holds unanswered questions. The author, a journalist who worked for the Italian magazine *Autosprint* at the time, returns three decades later to get the inside story of that 1994 event from some of the key figures, and to reconstruct what happened that fateful day.
