#### Description

*Taxi for Kiev: Six Strangers, Six Borders, Six Days* is the true and uncensored story of six lads from very different backgrounds who had never met before but found kinship in a common goal: to get to Kiev for the 2019 Champions League Final between Liverpool and Real Madrid. They embarked on a 3,500-mile taxi trip that took them to many places – physically, mentally and emotionally. Deprived of basic comforts for six days, this was never going to be an easy journey especially among strangers. You'd be surprised what you can learn about a man living in such close quarters. Lack of sleep, space and sanctuary just compounded the issue. Add to this a severe lack of hygiene, and this trip looked like a recipe for disaster. Not only did the lads survive and get on well but, surprisingly, they formed lasting bonds. *Taxi for Kiev* is one man's account of that unforgettable six-day adventure – a candid tale that touches on the good, the bad and the ugly in human nature. It has shocks, tears and laughs aplenty.
