### Description

If you've secretly logged in at work to set your line-up, or if you can't wait to gloat in the group chat, then this unique and hilarious book about the national obsession of fantasy football is for you. *An A-Z of Fantasy Football* is a unique and hilarious journey through the hobby that has people across the world scrambling for their phone every matchday morning. Fantasy footy has come a long way since it entailed scouring through the newspapers in the 90s – and, as the game has grown, so have the lengths players will go to in order to win! You'll read about the eye-watering forfeits, the labour-ward transfers, interviews with footballers who refuse to bet against themselves, and tales of woe from those who take things that little bit too far. Littered with insightful dos and don'ts from the nation's leading fantasy football podcast, this guide will have you in stitches half the time and in disbelief the other. There's no promises that the book will help you win the whole thing, but it has all you need to help you beat your mates.
